Arlington, VA 22202

Sir:

In response to the Examiner's Action dated June 1, 2004, Applicant hereby provisionally selects the claims of Group I, claims 21-39 and 59-67 (renumbered) for examination on the merits in this Application. An examination on the merits of the elected invention is requested.

For the sake of good order, note is taken of the fact that although claims 40-58 were grouped together in the Action, claims 40-49 are, in fact, apparatus claims, while claims 50-58 are method claims.

With regard to the claim objection presented in section 1 of the Action, it is understood that the incorrect claim

Appln. No. 09/594,765,
Reply to Office Action of June 1, 2004

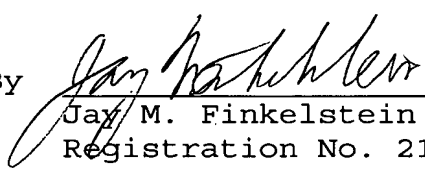

numbering has been corrected in the Patent and Trademark
Office file, so that an Amendment for that purpose need not be
submitted.

An Action on the merits of the elected claims is
requested.

Respectfully submitted,
